Speakers & Topics

Respiratory Care Practice 2010: "Changes Are In The Air"

March 26th

Patrick Dunne, MEd, RRT, FAARC (2 lectures)

9 amAcute Care Hospitals: "Facing the Perfect Storm" (1 Hour)

Objectives:

1. To discuss the precarious financial situation of most acute care hospitals and the need to significantly reduce the cost of care w/o compromising quality care.
2. To understand that the key point in this area is the need to reduce the rampant re-admission rate for COPD exacerbations.
3. To understand that the discharge planning process can be an emerging role for RTs.
4. To discuss novel practice strategies (protocols, new neb technologies. etc.) that could reduce LOS for certain DRGs.

10 am Aerosol Drug Delivery: "Technology for Improved Outcomes" (1 Hour)

Objectives:

At the conclusion of this presentation, those in attendance will be able to:

1. Describe the newer technologies used to produce therapeutic aerosols and why they are more effective in drug delivery.
2. List the clinical advantages reported with the use of new aerosol technology and ways to measure and evaluate clinical outcomes.
3. Describe specific steps that RTs can take to help reduce the incidence of ineffective use of metered dose and dry powder inhalers.

11am –11:30am COFFEE & SNACK BREAK

H. David Mantz, BA, RRT- NPS

11:30 am Alignment: "Key to Our Future Success" (1 Hour)

Objectives:

1. Understand the need for Respiratory Therapists to demonstrate our value.
2. Understand the need to support organizational goals.
3. Know how to adapt our goals to align with the organizational goals.
4. Understand the importance of maintaining quality and patient satisfaction while achieving results.

Mary Hart BS, RRT, AE-C

12:30 pm...Asthma: "RTs Lead the Way in Decreasing the LOS for Asthma Patients in the ED" (1 Hour)

Objectives:

1. Participant will be able to discuss the benefits of an Asthma Protocol in the ED.
2. Participant will be able to identify the stages of asthma severity.
3. The Participant will be able to define the term "Time to Decide".
4. The participant will be able to demonstrate an understanding of how effective bronchodilator therapy impacts the management of emergency department asthma care.
